Wells is overhauling his unoccupied cottage and making a big residence out of it and Mrs. Pearson has had some of the fencing on her premises replaced with neat work. ## VARIOUS AND ALL ABOUT.

Here we have been writing in an optimistic vein for the encouraging feelings of readers, but the vein has been in vain, for now comes conclusive proof of hard times. A certain young man of Newberry, "broke or badly bent," sold to another citizen the shirt "from off his back," and was forced to wear his coat tightly buttoned in going to his place of employment.

As a flower girl in a flashy cabaret the little Italian lassie finally finds her wandering husband, but at the time finds that she has lost his affection. With unflinching love she attempts to win it back. How she does is shown by Viola Dana in "Puppets of Fate," at the opera house Thursday.

Beautiful "Cinderella in Flowerland" gone, now make welcome American Legion.

A submarine built especially for the production will be shown in "Wet Gold," the picture at the opera house Tuesday. It is 150 feet long and operates exactly like a war-submarine.

If either both or one of the automobiles colliding at the chamber of commerce corner Friday afternoon had been going at the speed we see some traveling on the principal streets of the city there would have been a smash up and perhaps serious injury. But fortunately on account of the slow pace no damage was done, as they only butted together slightly.

Following so closely after the cold days of August the red hot weather for the past several days, with the mercury sizzling over the top of the 100 mark, it has been fierce to say the least.

How can a cat aid in bringing about a general jail break? See it in "Three Sevens," at the opera house with Antonio Moreno Wednesday. Must have been a Maltese or Persian kitty, 'perfumed and fair, as she strolled through the kitchen door for air."

Enjoyable times this week, with the American Legion convention and all that follows in its wake, and the stars at the picture shows, such as Norma Talmadge, Antonio Moreno, Viola Dana, Dunstin Farnum, and "other things."

You have heard of putting a bug in your ear. Postmaster Bowers had some experience like that last week.

Someone suggests that it would be a good thing to have Caldwell street worked out anyway as far as the residence of Mr. Geo. W. Summer, Jr.

See "The Sign on the Door," at the opera house tonight, Monday. Norma Talmadge will show it to you in the picture.

Among the "other things" for the enjoyment of the Newberry public this week is the presence of Mr. Hutchinson, the professional clown amusing the people wherever he has been. He is here now in the interest of the local Lime-Cola company. He has a fine reputation for giving entire communities real pleasure, besides helping to put lime-cola in the limelight through the paying advertisement. See Hutchinson and laugh and drink lime cola.

It is our agreement with a level headed man in his saying it would be a good idea to let automobiles have the right of way east and west in this city, requiring those traveling north and south to observe the rules as to stopping at certain corners.

Newberry has a good man for the work of installing hydraulic rams in the person of Mr. F. A. Schumpert. He went to Gray Court, Laurens county, last week and put in a double acting hydraulic ram for Mr. S. D. Martin. The ram is run with branch water and pumps spring water to the house a distance of seven-eighths of a mile with a 137 foot elevation. This week Mr. Schumpert will be in Saluda putting in a double action ram

## MARKET REPORTS.

Corrected Monday and Tuesday by Summer Bros. Co.

Monday, holiday; no cotton market. Mr. C. E. Summer is very bullish on cotton and expects much higher prices.

For Mr. Zeb Coleman.

There was a large crowd in town Saturday afternoon, but not much trading done.

Goor roads seem to be a habit with South Carolina. Why, Newberry county is building some of 'em.—From the try-to-be-funny man of the Anderson Mail.

There was a ball game Saturday between Oakland and Whitmire, the score being a tie of 8 to 8.

Lime cola is having big days.

What with the soldiers, the American Legion delegates, etc., Newberry will be gay this week.

Since last mention eight speeders have left \$10 each in the magistrate's court.

The best consolation from this extremely hot weather is that it kills boll weevils.

Among the decorations for the American Legion time is a fine one in the windows of the Newberry Hardware store. An ex-soldier says the trench work looks natural. It is indeed pretty and appropriate decoration.

## Death of Mr. W. P. Davenport.

Mr. William Phillips Davenport, after an illness of two months, died of typhoid fever, early Saturday morning at the home of his son, Mr. W. M. Davenport, near Trinity church, and was buried from Trinity church Sunday afternoon at 3:30. The service was conducted by the Rev. J. H. Bragg of the Oakland

Baptist church and the following were the pallbearers: Olin Davenport, Rufus Wheeler, Frank Wheeler, Roy Davenport, his grandsons, and George Hendricks and John Cotheran, grandsons-in-law.

Mr. Davenport was a former Confederate veteran. He was 86 years old and was a member of James D. Nance camp. Besides the son, W. M., with whom he made his home, he is survived by the following children: Mr. J. P. Davenport of Oakland mill village, Mr. Andrew Davenport of Saluda county, Mr. I. W. Davenport of Greenwood, Miss Leila Davenport of the homestead and Mrs. Martin A. Wheeler of Saluda county.
